CAMP THEME: "SPECIAL OPS"

Special Ops is an elite force, specially trained to carry out the orders of the Supreme Commander without hesitation or delay. These highly trained commandos are intimately familiar with the battle plan (God's Word), they have disciplined themselves for the mission and understand their orders - to proclaim Him.

Are you ready to reject the status-quo of this world and join the Special Ops tour of duty?

After all, we already know who the Victor will be.

OUR CAMP SPEAKER: **DEWEY BERTOLINI**

Dewey brings to the platform over twenty-five years of ministry experience. He has enjoyed a strong ministry to students, their families, and youth workers throughout North America.

Having published six books and spoken at hundreds of conferences, he is sure to instruct, inspire, and fire up our imaginations of God's Word and every day life!
