

## Act 1: Genesis Chapters 1-11 Timeline

- 2 even 10 generation periods – Adam to Noah, Noah to Abraham
- Noah was born a thousand years after Adam
- The Flood occurred around 1650
- Noah died somewhere around 2000+ years after Adam, well after the Dispersion
- Some timelines show Noah dying some 50+ years after Abraham's birth and thus would have known him
- From Adam to Abraham there was a word-of-mouth tradition spanning only 4 people
  - Adam (930 years = 0-930)
  - Lamech (777 years = 874-1651)
  - Noah (950 years = 1056-2006)
  - Abraham (born somewhere between 1950 and early 2000)
- Shem lived from roughly 1550-2150  
Surely Abraham would have know Shem (possibly Melchizedek)
- Some timelines also place Abraham as alive during the Dispersion of Babel
